Stallion Chilled Semen Request Form

PLEASE READ THE FOLLOWING CAREFULLY:

Our freight carrier is TOLL Priority Overnight. **We cannot take responsibility for shipments once they have left our clinic and we cannot guarantee delivery on time.** We do everything within our power to collect the stallion when required and get it back in time for courier pickup; anything that happens after that is unfortunately out of our control. **Weekend collections and delivery are NOT available. Same day delivery is NOT available.**

All efforts should be made by the mare owner and their veterinarian to avoid the requirement for the above services. If you require a Monday collection, you will need to confirm by 5pm on the Friday prior. Thursday is the last day to collect for the semen to arrive in time for the weekend.

The semen collection fee is \$400.00 including GST.

Freight is charged at cost plus handling fees. This varies depending upon the area to which the semen is shipped to. An estimate of expected costs can be given in advance if requested.

We ask that this request form be completed and emailed back to our clinic NO LATER than 8.00am the day BEFORE the collection is required. Collection cannot be guaranteed after this time. Please email the form back to admin@coorooravet.com.au. Once we have received the form, we will call to confirm the collection and process the payment and we will notify you with the tracking number once the courier has collected the shipment from the clinic.

Payment MUST be received prior to semen being collected.

I acknowledge and agree to the above terms and conditions
